PG Tips Original is expertly crafted by Master Blenders using the finest and freshest tea leaves, plucked at altitude in tea gardens on the equator.

Peppermint tea

Soothing peppermint is perennially popular and this luxurious single-mint infusion is entirely caffeine-free, making it perfect after dinner in the evening or for refreshment at any time of day.

Earl Grey tea

This quintessentially British tea is a black tea base flavoured with oil from the rind of bergamot orange, a citrus fruit with the appearance and flavour somewhere between an orange and a lemon with a little grapefruit and lime thrown in.

*Staff

Camomile tea

Made from the scented flowers and leaves of the wild camomile plant. We only select the finest, whole camomile flowers for this blend. So sit back and enjoy some downtime with the bright mellow taste of camomile.

Green tea

This cleansing whole leaf green tea brightens up when infused, producing a smooth fragrant taste that characterise a true traditional Mao Feng.

Fruit tea

*Fruity
Kick!*

The deep-red colour and zing of cranberries help to make this infusion crisp and refreshing, while the raspberry notes bring a touch of sweetness to this mouth-watering blend.
